

Cogent is a Tier 1 Global Internet Service Provider

- Cogent offers Optical Internet and point-to-point Ethernet connections at a low cost to our customers.
- Our flagship product is 100 Mbps of bandwidth, which is 65x faster than a T1 connection!
- Cogent has over 90 – LIT buildings in Chicago, which includes 311 S Wacker Drive.
- Founded in 1999 in Washington, DC; Operates now in 12 countries; 300 employees; Publicly traded company (NASDAQ: CCOI)
- Cogent provides Internet Access, Ethernet Transport and Colocation services to over 9,600 NetCentric (bandwidth-intensive users) and Corporate customers worldwide
- Independent third parties rank Cogent as one of the leading ISPs in the world

Cogent's vision is...

Make very high speed quality service affordable to Internet Professionals and Corporate users

Brilliantly Fast – Elegantly Simple – Competitively Priced
