6 Tips for going GREEN this Fourth of July!

1: Lose the Plastics - Use Biodegradable Plates, Cutlery, and Cups. **2: Buy Local and Organic Food** - Who wants to worry about pesticides on this day of patriotism? **3: Make Your Own Healthy Sweet Treats** - Sure store-bought cakes and pie are laden with refined sugars and fat. So say no thanks to the pie and whip up some fabulous homemade popsicles instead! **4: Switch on the Solar Lights** - Just set them out in the sun for the day and when dusk falls, *voila* - you've got yourself the perfect setting for an evening BBQ. **5: Go for Green Fireworks** - choose perchlorate-free fireworks or lanterns made from biodegradable and environmentally safe materials. **6: Pick up your waste and RECYCLE!** - After this Fourth of July there are bound to be plenty of stray cans, bottles, streamers, plates, and forks littering streets and parks. Pick up and Recycle all that you can!
